URGENT NOTICE

It has come to our attention that there is a significant number of students who are not meeting the minimum attendance requirement of **60%**. Attendance records are a reflection of your commitment to your studies and your future. Regular attendance is essential to grasp the concepts taught in class, engage in discussions, and participate in various co-curricular activities that contribute to your overall development.

We hereby remind all students that attendance **below 60%** will not be tolerated. It is mandatory for every student to maintain a minimum attendance of 60% in all subjects. Failure to do so will have serious consequences, and such students shall not be allowed to appear for the forthcoming examination.

We urge all students to take this matter seriously and make necessary adjustments to their schedules to ensure regular attendance. If you are facing any challenges that hinder your attendance, please do not hesitate to reach out to the school counsellors or the respective teachers. We are here to help and guide you through any difficulties you may be experiencing.
