DATED: 16-05-2023

**Title: Nature Walk Awareness Programme at Bairam Hills Organized by Govt. Degree College, Beerwah, Budgam under "G20 SUMMIT"**

**Date: 16 May 2023**

**Organizers:** Department of Water Management, Department of Environmental Science, in collaboration with , and Physical Education Department, Govt. Degree College, Beerwah, Budgam

**Participants:** Students, Dr. Aftab Ahmad Bhat, Prof. Bashir Ahmad Sheer Gojree, Dr. Mudasir (Librarian), Dr. Mushtaq Ahmad (Social Work)

### **Event Summary:**

On 16 May 2023, an awareness programme titled "**Nature Walk**" was organized at Bairam Hills by the Department of Water Management and Department of Environmental Science, in collaboration with the Physical Education Department of Govt. Degree College, Beerwah, Budgam. The event took place under the banner of the "G20 Summit" initiative.

The Nature Walk aimed to promote environmental awareness and educate participants about the importance of preserving and protecting nature. The event was attended by a group of enthusiastic students, accompanied by esteemed professionals including Dr. Aftab Ahmad Bhat, Prof. Bashir Ahmad Sheer Gojree, Dr. Mudasir (Librarian), and Dr. Mushtaq Ahmad (Social Work). The event was initiated and supervised by Prof. Syed Iffat, the Principal of Govt. Degree College.

The Nature Walk began with an informative session led by Dr. Aftab Ahmad Bhat, who highlighted the significance of preserving natural resources and maintaining ecological balance. Prof. Bashir Ahmad Sheer Gojree further emphasized the importance of sustainable water management practices and their impact on the environment.

After the informative session, the participants embarked on a guided walk through the scenic Bairam Hills. During the walk, they were encouraged to observe and appreciate the natural beauty around them. The students actively engaged in discussions with the experts, raising questions and seeking guidance on various environmental concerns.

The walk was a unique opportunity for the participants to witness firsthand the rich biodiversity and ecosystems of the region. They learned about the local flora and fauna, the importance of forest conservation, and the role of water bodies in supporting ecosystems. The event also highlighted the adverse effects of pollution and deforestation on the environment.

Throughout the programme, Dr. Mansoor (Botany), Dr. Mudasir Khazir (Librarian), and Dr. Mushtaq Ahmad, from the Department of Social Work, actively documented the event through photographs and interviews with the participants. Their contributions ensured the creation of valuable records for future reference and promotion of similar initiatives.

The Nature Walk concluded with a closing ceremony, where the participants shared their experiences and expressed their commitment to environmental conservation.

Further Prof. Syed Iffat, the Principal of Govt. Degree College, delivered a welcome speech, appreciating the participants' enthusiasm and emphasizing the need for continued efforts in preserving the environment.

Overall, the Nature Walk awareness programme at Bairam Hills proved to be an educational and inspiring event, effectively raising awareness among the participants about the importance of environmental preservation. The collaboration between
